Employment History

- 5/83 - Present** **President:** Black, Beshore & Associates and Sonoran Digital, Tucson, AZ.
Founded computer consulting firm of Black, Beshore & Associates (BB&A) in May of 1983. Formed Sonoran Digital in September of 1984, as sales arm of BB&A. Folded operations of both firms into Sonoran Digital after Ed Beshore's departure in 1985.
Initially responsible for implementation of computerized accounting software, performing over 150 installations. As local area networks (LANs) became affordable for small to medium-sized businesses, area of specialization became implementation and maintenance of LANs, specifically Novell NetWare (Versions 2.2 - 6.0), Windows 2000 Server, Windows 2003 Server, and Windows 2008 Server. Specialize in the Small Business Server versions of Windows Server, starting with Small Business Server 2000. Involved in over 175 LAN installations since 1988. Currently provide support for 60+ networks (2-50 nodes).
- 2/81 - 6/84** **Data Processing Manager:** Grant Road Lumber and A&H Building Materials, Tucson, Arizona.
Managed all accounting personnel. Implemented integrated accounting system including G/L, A/R, A/P, inventory control, point of sale, cash management and payroll.

- 8/80 - 2/81** Self-employed **computer programmer**.
Specialized in software for microcomputers, including accounts receivable, accounts payable, job costing, payroll, and client write-up applications. Language: BASIC.
- 2/80 - 7/80** **Accountant/programmer:** IBM, Tucson, Arizona.
Worked in fixed assets area. Provided programming support for preparation of annual insurance report and property tax return.
- 11/77 - 2/80** **Vice President in Charge of Operations:** David DeFer & Associates, Tucson, AZ.
Maintained accounting records for residential construction firm using personally developed software, including integrated payroll and job costing.
